12.17.16 Marinette Colleagues: Just a few updates after our meeting yesterday.

1. Ann Franz will be speaking with Marinette Marine about filming a Get Real math video at their company;
2. CESA #8 is looking seriously at a regional INSPIRE license;
3. Oconto County is now ready to begin their ACP process and a good deal of groundwork has been done. Since Oconto and Marinette have collaborated on Youth Apprenticeship in the past, there may be some benefit to getting together on this.
